

NOTICE OF MEETING

The Forest Practices Board's Policy Working Group on Northern Spotted Owl Conservation (Working Group) will hold a teleconference on April 21, 2009.

The purpose of the Working Group's meetings is to develop measures that result in strategic contributions from non-federal lands in Washington to the broader goal of conservation of a viable population of the Northern Spotted Owl.

These meetings are open to anyone who wishes to observe; however, only Working Group members may participate in the discussion and decision-making. The Working Group will not take public comment at these meetings but may invite presentations needed to inform its deliberations.

The meeting is scheduled to convene from 12:00 p.m. to 1:30 p.m. Room 461 of the Natural Resources Building in Olympia will be available for members of the public that wish to observe the meeting.
